Let the Flame Burn Brighter

SANH (Tampines North) and SASC (Tampines North)

SANH (Aljunied)

Location site of SANH (Bukit Purmei)

Dear Friend,

With a shared vision of being a LIGHT in society, the **111-year-old St. Andrew's Mission Hospital (SAMH)** and **57-year-old Singapore Anglican Community Services (SACS)** have served the community purposefully through our **42 service centres across Singapore**.

We care for over 50,000 Singaporeans each year through our five service pillars - **Medical, Senior, Psychiatric, Autism,** as well as **Family and Children** Services. With our strong network of support, we hope to uplift and make a difference in the lives of the vulnerable – *be it a child with special needs, a young person confronting mental health conditions, an adult stricken by sudden stroke or a senior facing debilitating illness.*

Everyone needs a helping hand. To broaden our reach in caring for the underserved requires ground-up partnerships and firm support from every community member. Your generosity will make a difference.

To move forward together, our senior care services have been expanding to meet the diverse needs of an ageing population. Our seniors can age with dignity and meaning in an environment that strengthen and empower them. **St. Andrew's Nursing Home (SANH) (Aljunied)** and **SANH (Tampines North)** with its co-located **St. Andrew's Senior Care (SASC) (Tampines North)** will open later this year. In addition, **SANH (Bukit Purmei)** is targeted to begin operations in 2027.

With love as our driving force, we are committed to delivering our best in bringing hope and healing to those in need.

Come alongside us, your donation will enable SAMH and SACS to continue providing affordable services for the disadvantaged in our community.

Thank you for supporting us in our mission of love.

The Most Reverend Dr Titus Chung
President of St. Andrew's Mission Hospital and
Singapore Anglican Community Services
Bishop of Singapore
Archbishop of the Province of the
Anglican Church in South East Asia

Mr Teo stayed at Anglican Care Centre (Hougang) before moving to SANH (Buangkok) in 2013. When the nursing home introduced the concept of the Club House in 2017, Mr Teo, being a member of the Club House, assisted in areas such as organising activities for the members, managing pop-up "stalls" where residents can exchange items with their coupons, updating members' attendance as well as creating presentation slides for matters related to the Club House. He was promoted to become the Club House's supervisor due to his forthcoming personality, excellent people's skills and contributions.

At the start, it was difficult for me, but over time, I began to change my perspective and think it is better to be part of the programme instead of doing nothing. I am very happy to do the things I do. I feel I have become more useful and get the chance to propel and contribute back!

MR TEO SAY SIONG
Resident of St. Andrew's Nursing Home (Buangkok)
